

Major	Who pre-approves courses abroad for the major?	How should students contact the person for a meeting?	What should students bring to these meetings?	What if syllabi are not available?	How many courses/credits taken abroad may be approved to count toward the major?	Additional information?
<b>Biological Sciences</b>	For core courses in the major, contact Jeff McCaffrey in the Office of Undergrad Biology in Stimson Hall and be prepared to provide a syllabus; for courses in their concentration, students should get approval from their faculty advisor, who may require description and syllabus.	E-mail Jeff McCaffrey ( <b>jm298</b> ), call 607-255-5233, or come to walk-in hours: <a href="https://biology.cornell.edu/advising">https://biology.cornell.edu/advising</a>	Electronic copies of course titles, descriptions, and syllabi, in English.	Syllabi are necessary for core course pre-approval, but might not be needed for pre-approval of courses in the concentration. If syllabi are not available, students should be sure to have some alternative courses in mind.	Up to 2 courses, possibly more for a full year abroad (with petition from the Office of Undergraduate Biology)	Please see: <a href="https://biology.cornell.edu/advising/study-abroad">https://biology.cornell.edu/advising/study-abroad</a> for further suggestions for bio majors.
