

Major	Who pre-approves courses abroad for the major?	How should students contact the person for a meeting?	What should students bring to these meetings?	What if syllabi are not available?	How many courses/credits taken abroad may be approved to count toward the major?	Additional information?
Comparative Literature	DUS	Go to office hours if possible; if not, then e-mail DUS for an appointment.	Students should bring as much information as they have--at least titles and descriptions, but also number of credits, book lists, and syllabi if possible. Pre-approval is not ironclad. The most substantive discussions about course work taken abroad happen after the students return when they are able to convey what kind of work they actually did in the courses.	TBD	Determined in consultation with faculty advisor and DUS.
